ThyssenKrupp Marine Systems Exhibiting at DIMDEX 2014

ThyssenKrupp Marine Systems, one of the leading European system providers for non-nuclear submarines and high-end naval vessels, will be participating at the Doha International Maritime Defence Exhibition & Conference (DIMDEX) 2014, Doha, from March 25 to 27, 2014. At the ThyssenKrupp Marine Systems booth no. H420, Qatar National Convention Center (QNCC), visitors can experience an interactive display of a wide range of submarines, naval surface ships and naval services including:

- Blohm+Voss MEKO[®] Flex Corvette
- Blohm+Voss MEKO[®] A-200 Frigate
- HDW Class 212A Submarine
- HDW Class 214 Submarine
- Kockums FLEXpatrol
- Kockums SAM 3
- Naval Education and Training

The Naval System House is present in the Middle East through its subsidiary ThyssenKrupp Marine Systems International Qatar, located in Doha. This enables ThyssenKrupp Marine Systems to maintain close relationships with navies in the region and customize its product and service offering to specific requirements.

Long shipbuilding tradition combined with best-in-class technologies

ThyssenKrupp Marine Systems has a long shipbuilding tradition spanning hundreds of years, while at the same time securing the technologies and skills required for the future. As a leading system supplier for non-nuclear submarines and state-of-the-art naval surface vessels, ThyssenKrupp Marine Systems has gained massive experience supporting more than 30
